MAJ. GEN. FREMONT.

H. E. TWALL, A A Gen.

Yesterday morning no little excitement was

learn with reference to it at the office of the adutant-general.-Richmond Dispatch, May 24.

Another "Rebellion" in Vankee Land. The Yankees, says the Charleston Mercury re troubled with another "rebellion," and their ilitary forces have been summoned to put own. It is a new and other "rebellion" that in the South, and is, by way of distinction, called "The Coal Miners' Rebellion." It was precipitated by an outbreak among the coal miners of the Schuylkill region in Pennsylvania, and is only the beginning of the many "rebellions" that must soon take place among the poor and laboring classes of the North from the fects of the war. Poverty and destitution are orely pinching the artisans and laborers of the North, and what we read here from the New York Herald is but a picture of the kundred 'strikes" and "riots" that this war must bring about between the poor and rich of the North

Schnylkill: I have just returned from the scene of hostilties in Schuylkill county, having accompanied antly near the Yankees. The first shot fell short, the military force thither. Since my return, upthe second went over and fell some distance back | wards of two hundred additional troops have of her stern, and is supposed to have taken effect in her rigging. Another shot fell very close to her how, and it is supposed by some that it took soldiers, fully supplied with sixty charges each, her bow, and it is supposed by some that it took soldiers, fully supplied with sixty charges each, effect, as the vessel immediately began to make and food for an indefinite period. Four other companies in the United States service, connected with Colonel Wm. H. Yeaton's regiment of militia, are under arms and awaiting orders t

It is pensible that the fears of the county at hornies and of the mine owners have magnified this difficulty; but it is evident that the mutineers and fell a long distance behind the works, and are numerous, determined, and well armed, and only need the will to make a long and vigorous

ton Courier says:

All estimate on this subject, whether official or overal the growing magnitude of the expenditures of the government, and the amount of debt already incurred. Mr. Chase commenced last summer by estimating \$280,000,000, if we recollect aright, as needed for the year. Then the President asked for \$400,000,000, and Congress afterwards voted \$500,000,000. When the next session commenced in December, the expenditures were sufficient at \$600,000,000, the army alone commenced at \$600,000,000, the army alone commenced in December, the expenditures were sufficient at \$600,000,000, the army alone consuming one and a half million per day. Now we are told by the Hon Mr. Stevens, of Pennsylvania, that for some time past the expenditures of human nature.
